Dr. Thornton Page
Department of Astronomy
Wesleyan University
Middletown, Connecticut

Dear Dr. Page:

I was very interested in your letter of November 19th regarding the freshman papers on the subject of UFO's. I have checked with my people here who have followed this subject and they would be very much interested in having a chance to look these papers over. I am not at all sure what we could ultimately do with them and, in any case, I would suggest that, if you mention the papers being sent to Washington, you not identify the agency, but simply indicate that they are being reviewed by a part of the national defense establishment.

After we have had a chance to see the papers I will write you further concerning them. Thanks very much for bringing this matter to my attention.

Sincerely,

Philip G. Strong
